What's Next?

- Main topic covered during Senior Meetings
 - 4 Year College/University: Bachelor's Degree
 - 2 Year/Junior College: Associate Degree
 - Technical College: Associate Degree, Diploma Programs, Certificate Programs
 - Military: Air Force, Army, Coast Guard, Marines, Navy
 - Workforce: Full-time job, Apprenticeships, Specialized training
- Students can use YouScience results to research further

What Should We Be Doing Now?

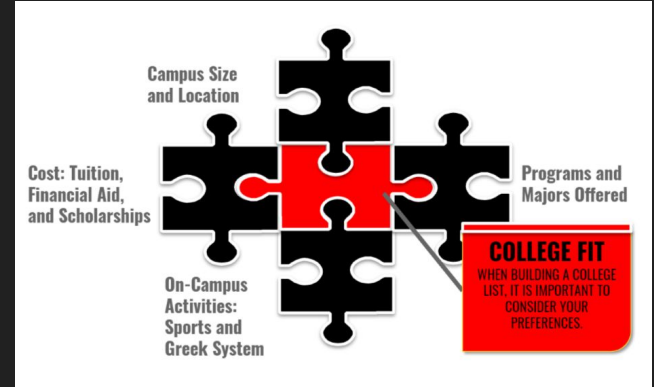

- Build a college list
 - 5-8 schools; "Safety, Match, Reach"
- Create a master list/calendar
- Application deadlines - Early/Regular
- Visit campuses on official tours or do virtual tours
- Plan your testing dates & gather fee waivers if needed
- Make an appointments with your counselor and/or Ms. Long
- Begin working on Brag Sheets if recommendations are needed - *more to come in this presentation*

What do Colleges Consider?

- High factors: GPA and Grades, Rigor and Classes
 - SAT/ACT Scores
 - Normally a direct factor, during the pandemic schools have discussed eliminating scores from their decisions - check your school's info
- Other factors:
 - Essays and personal statements
 - Recommendations
 - Activities and accomplishments
 - Student demonstrated interest
 - Class rank
 - Interviews

Building a College List

- Consider the following:
 - Campus size/student population
 - Location: City, suburban, rural
 - Cost: Tuition, Financial Aid, Scholarships
 - Programs & Majors Offered
 - On-campus activities: Greek life, sports, intramurals/club sports

Deciding to Apply

- Safety schools: 1 to 2
 - Student will almost certainly be admitted
- Match schools: 3 to 4
 - Student's GPA, test scores, other credentials "match" those of recent entering classes
- Reach schools: 1 to 2
 - Student meets criteria for admission but credentials are below those of recent classes
- See "WBHS Post-Secondary Handbook" under "Seniors" tab on the school website for more admissions information

SCOIR.com

Reasons to use SCOIR:

- Students will better understand their fit with colleges so they are more likely to stay enrolled and earn their degree.
- Students will be able to show their unique skills, achievements and abilities.
- Parents/guardians will better understand the real cost of attending certain colleges.
- School counselors spend less time on paperwork and more time helping students who need their assistance.
- Admissions officers find students who have a strong interest in their college so they are more likely to be accepted and receive favorable financial aid packages.
