WELDING CERTIFICATION

PROGRAM OVERVIEW

If it's made of metal, it can be welded. From cars to planes and bridges to buildings, welding keeps our economy moving. It's the backbone of our world. Every industry depends on it.

If you like to work with your hands and are seeking a unique sense of community, then welding may be for you. It's both an art and a science. From basic fabrication to advanced robotics, modern welders blend trade skills with technology to work smarter.

The skills you'll learn as a welder are also portable and recession-resistant. There are countless opportunities in a variety of industries that lead to lucrative and rewarding careers.

Because welding is an essential component in so many industries and art forms, the demand for welders is at an all-time high. This means that the choice to specialize is yours.

The skills you develop as a welder can lead you down several paths. Are you ready to take your first step?

FEATURED EMPLOYER

AVERAGE WAGE

\$16.84 per hour

Technical College

DUAL ENROLLMENT CERTIFICATION PATH

FALL

WELD 1000 - Intro to Welding Technology WELD 1010 - Oxyfuel and Plasma Cutting

SPRING

WELD 1040 - Flat Shielded Metal Arc Welding WELD 1090 - Gas Metal Arc Welding

Basic Shielded Metal Arc Welder & Gas Metal Arc Welder
