Class Rank/Numeric Average

Grade Point Average (GPA) is computed at the end of each semester, including all attempted high school courses. This GPA is calculated on a 100-point scale. Honors courses are weighted by calculating the raw score by 1.075, Advanced Placement (AP) courses are weighted by calculating the raw score by 1.10, and Dual Enrollment courses are weighted by calculating the raw score by 1.10. Grades recorded on transcripts are actual grades earned and do not reflect quality points earned to determine class rank. Grades from Dual Enrollment courses reflect the highest numerical grade corresponding to the letter grade earned at the college. All students are ranked within grade levels at the end of each semester, based on numerical cumulative weighted averages.

Honor Graduates have earned an 89.5% or higher cumulative average that includes all attempted high school courses.

BCSS Grading Scale

A = 90-100%, B = 80-89%, C = 70-79%, F = Below 70%
